

He pēhea te hono o tēnei  
ki ētahi atu mea  
e mōhio ana tātou?

How does this relate to  
other things we know?

He aha koe i whakaaro ai  
ka whaihua tēnā?

Why do you think that  
would work?

He aha tā tātou  
e mōhio ana e pā ana  
ki tēnei?

What do we already know  
about this?

# He aha tētahi tauira o tēnā?

What's an example  
of that?

# I pēhea tō whiriwhiri i tērā?

How did you work  
that out?

He aha tētahi atu  
whakamārama  
e taea ana mō tērā?

What's another way to  
explain that?
